Date:

For: MRF UA

### Information & Directions:

Please fill out the scholarship form in its entirety.

This form must be submitted for each charter period. Scholarships **do not** roll over from year to year.

The information provided on this scholarship form will not be shared with any individuals for any purpose by the Orange County Council.

Information provided on this Scholarship form will only be used to decide on a scholarship award for membership registration fees, or uniform assistance.

When a scholarship is awarded for membership registration fees, The Orange County Council will share with your unit that a scholarship has been awarded and the amount to deduct from membership payments or charter renewal fees.

If the scholarship form is turned in with an application, we ask that the unit pay the full fee and when the scholarship amount is awarded, a refund will be issued to the unit for the difference.

The Orange County Council strives to ensure that all youth members who are interested in participating in Scouting programs have the opportunity to do so.

It is our goal to ensure that economic burden does not prohibit any Scout or family from participating in Scouting programs.
